About Me

I'm a front end engineer with over 4 experience developing complex, high profile web applications collaborating with both small and large teams. I specialize in JavaScript, most recently thriving in an agile environment leveraging modern technologies such as React, Redux and Node. I pride myself in writing scalable, elegant code — creating simple solutions to complex problems.

Skills

- JavaScript / ES6
- HTML 5
- CSS 3
- SASS / LESS / SCSS
- JQuery

- React
- Redux
- AngularJS
- Angular
- Ionic

- Responsive Design
- PWA & SPA
- SEO
- WebPack & Gulp
- Node & GraphQL
